How to Achieve the Perfect Fit.

HSC Speed Cover® plant covers are designed to fit snugly around your container, but not tightly. For that perfect fit, determine the size of your pot (both height/depth and width). Drop the potted plant into the Speed Cover®, looking especially for that comfortable, snug fit at the base of the pot. You'll want to watch for sagging sides on the Speed Cover® or seams that are stretched, both of which – as you can see below – greatly detract from the plants' appearance and saleability. You'll also want to consider the plant when looking for that perfect fit, as certain plants are better suited for certain Speed Cover® shapes, sizes and flares (see the next two pages of this catalog for examples).

Common Mistakes when using HSC Speed Cover® plant covers

Standard Speed Cover®

Billowette[®] Speed Cover[®]

Butterfly® Speed Cover®

Cushion Flare[™] Speed Cover[®]

Fiesta™ Speed Cover®

Pleated Skirt Speed Cover®

How to Get Help with the Perfect Fit.

HSC will provide you with samples of the properly sized and shaped Speed Covers® to best fit your needs and the pots you utilize in your business. All you need to do is provide HSC with three pots of each size you want to cover and we'll do the rest! Please contact your Sales Representative or Customer Service (800-472-3645) for further details.

Speed Cover® plant covers from Highland Supply Corporation are a cost-effective and efficient way of creating superior value for your customers. Speed Cover® plant covers are available in a wide range of colors, prints and styles to satisfy even the most discriminating tastes. It's a breeze to transform an everyday plant into a top-selling, premium holiday gift just by adding one of Highland Supply's seasonal Speed Covers®.

There are many distinct sizes and flares available in HSC's Speed Cover® line, suitable for just about every plant imaginable. To create the best presentation, however, the Speed Cover® must be properly fitted to your pot.

There are suggestions on page 20 of this catalog to help you achieve the proper fit. In the meantime, take a look at this information and you'll get a good idea of where to start.
